

28 February 2019 – LandMark White Limited (ASX:LMW)

Delay in Lodgement of December 2018 Appendix 4D and Half Year Report

LandMark White Limited ("LMW") advises that it is not in a position to lodge the Appendix 4D (Half Year Report) and its Half Year Report for the period ended 31 December 2018 as required under Listing Rule 4.2A.

LMW's securities are currently subject to voluntary suspension to enable LMW to manage its continuous disclosure obligations and to avoid trading in its securities happening on a basis that is not reasonably informed while LMW assesses the overall impact of the data security incident first notified on 5 February 2019.

The data security incident is likely to have a material impact on the preparation of the Appendix 4D and Half Year Report. For this reason, the Directors have determined to delay the Appendix 4D and Half Year Accounts until the overall impact of the data security incident has been resolved to the point where its effects can be appropriately reflected in the Appendix 4D and Half Year Accounts.

LMW's securities will continue to be suspended until such time that the impacts of the data security incident can be reliably assessed and the Appendix 4D and Half Year Accounts are lodged with the ASX. As noted in the announcement dated 19 February 2019 we anticipate that this will likely be between two and four weeks from the date of that announcement.
