1 Basis of preparation of half-year report

These financial statements for the half-year reporting period ended 31 December 2023 have been prepared in accordance with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

These financial statements do not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2023 and any public announcements made by NEXTDC Limited during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

Where necessary, comparative information has been reclassified to conform with changes in presentation in the current interim reporting period.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period.

2 Segment information

(a) Description of segments

Management considers the business from a geographic perspective and has identified five reportable segments, being each geography where the Group operates data centre facilities and the last capturing financial information from operations that do not naturally fit into any particular geography. As these segments do not exist as a separate legal entity, information such as income tax expense and segment liabilities are not prepared and provided to management for review and therefore not presented.

During the prior year, management reassessed the basis for grouping its operating segments into reportable segments. As a result of a change in the way chief operating decision makers review information, management has determined that Queensland (Qld) and Western Australia (WA), along with South Australia and Northern Territory, should be combined in to one reportable segment (Rest of Australia) effective 1 July 2022. The Other segment also no longer includes any international operations, as these are now presented as a distinct International segment. Comparative information has also been combined to reflect this change.

- \$800 million - Term Loan Facility (fully drawn)
- \$600 million - Capital Expenditure Facility (\$400 million undrawn)
- \$800 million - Revolving Credit Facility (multi-currency) (undrawn)

The facilities have a maturity date of 3 December 2026, except for the \$300 million Term Loan Facility, which has a maturity date of 3 December 2028.

NEXTDC is exposed to interest rate volatility due to the variable rate on its Syndicated Debt Facilities. To mitigate the interest rate risk associated with this floating element, NEXTDC has entered into a series of interest rate swaps under which \$600 million drawn under the facilities have their base interest rate fixed until 3 December 2024, while the remaining \$800 million drawn have their base rate fixed until 3 December 2025.

A derivative asset and associated cash flow hedge reserve has been taken up at 31 December 2023 to account for these transactions.

The Syndicated Debt Facilities are secured by the Group's assets.

Independent auditor's review report to the members of NEXTDC Limited

Report on the half-year financial report

Conclusion

We have reviewed the half-year financial report of NEXTDC Limited (the Company) and the entities it controlled during the half-year (together the Group), which comprises the consolidated balance sheet as at 31 December 2023, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, selected explanatory notes and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of NEXTDC Limited does not comply with the *Corporations Act 2001* including:

1. giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date
2. complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibilities of the directors for the half-year financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement whether due to fraud or error.

Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
