**CMA announces \$12 million boost to contracting division**

CMA Corporation Limited (ASX: CMV) announced today that it has been awarded deconstruction projects at two sites in Australia, one in Western Australia and the other in Queensland.

The projects have a value of more than \$12 million, and mobilisation has commenced. Final contracts will be signed in the immediate future.

The projects are for the dismantling of a shipping facility at Port Headland in the Pilbara region of Western Australia and the demolition of redundant lime kilns in Queensland.

CMA Managing Director Peter Hatfull said the projects demonstrated the Company's ability to secure significant contracts in a highly competitive market.

"These are good contracts for CMA and we continue to negotiate on other major contracting projects with a number of existing and potential customers."
