Perpetual acquires the assets of National Lending Solutions

Perpetual Limited (Perpetual) today announced it had acquired the mortgage processing assets of National Lending Solutions (NLS), a wholly owned subsidiary of the publicly listed company, InfoChoice Limited (InfoChoice).

InfoChoice has been advised by the Australian Stock Exchange that the acquisition by Perpetual can proceed without the need for shareholder approval.

NLS is a provider of national mortgage processing services, based in Parramatta, employing approximately 80 staff.

The acquisition of NLS is the second purchase by Perpetual in the mortgage services sector following the Wignalls Lenders Mortgage Services acquisition in February 2007.

Perpetual's Group Executive – Corporate Trust, Mr Phil Vernon, said the NLS acquisition was further evidence of Perpetual's strategy, most recently outlined in the [Chairman's May Letter to Shareholders](#), to provide a comprehensive range of services to the securitisation and lending markets.

"Both the NLS and Wignalls acquisitions enhance our service offering to the market by consolidating the skills and experience of the three businesses," Mr Vernon said.

InfoChoice's Director, Mr Michael Noyce, said the acquisition by Perpetual was a great outcome for NLS clients who could expect to see even greater levels of service.

"Our clients have become accustomed to receiving high levels of service and we believe they will enjoy increased breadth and quality of services provided by Perpetual," Mr Noyce said.

Perpetual acquired the mortgage processing assets of NLS for \$3.5 million and will immediately commence the integration of the NLS assets into the Perpetual Mortgage Services business.
