### Comments regarding above items

The Directors of Euroz Limited are pleased to announce a pre-tax profit of \$4,980,994 and a net profit after tax of \$3,357,248.

During the period Euroz Limited received a strong contribution from its 100% owned subsidiary, Euroz Securities Limited. All of the Company's business divisions in Retail Dealing, Institutional Dealing, Corporate Finance and Investment Banking made substantial contributions to the result.

The Directors are confident of continued profitability in the second half with a number of corporate mandates already completed at the date of this report. However, it should be noted

that volatility in trading volumes and corporate activity make it difficult to predict future results.

Euroz has continued to strengthen its balance sheet during the period with core cash holdings before investments now approximating \$12.5 million. This provides the Company with further flexibility to increase trading volumes in its broking business and to pursue investment opportunities.

# PRICEV/ATERHOUSE COPERS 18

We performed procedures in order to state whether, on the basis of the procedures described, anything has come to our attention that would indicate that the financial report does not present fairly, in accordance with the *Corporations Act 2001*, Accounting Standard AASB 1029: Interim Financial Reporting and other mandatory financial reporting requirements in Australia, a view which is consistent with our understanding of the consolidated entity's financial position, and its performance as represented by the results of its operations and cash flows.

We formed our statement on the basis of the review procedures performed, which included:

- inquiries of company personnel, and
- analytical procedures applied to financial data.

When this review report is included in a document containing information in addition to the financial report, our procedures include reading the other information to determine whether it contains any material inconsistencies with the financial report.

These procedures do not provide all the evidence that would be required in an audit, thus the level of assurance provided is less than that given in an audit. We have not performed an audit, and accordingly, we do not express an audit opinion.

While we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our review was not designed to provide assurance on internal controls.

Our review did not involve an analysis of the prudence of business decisions made by directors or management.

### Independence

In conducting our review, we followed applicable independence requirements of Australian professional ethical pronouncements and the *Corporations Act 2001*.
