

HIRE INTELLIGENCE INTERNATIONAL LIMITED

Half Year Unaudited Loss – No Dividend

The Board of Directors of Hire Intelligence International Limited (HII) wishes to advise that significant non-rental operations losses coupled with weaker rental operational results and a goodwill write-off has resulted in a material unaudited loss for the first half of FY2013. This compares with an EBIT of \$1,372,000 during the same period in the prior year.

The Board does not envisage paying a dividend during FY2013.

The Board is focusing on a range of cost saving measures including delisting from the ASX, finalizing the upgrade and tenanting of vacant space at 23 Barrack Street and the favourable resolution of a few litigious matters.
