CLASS ACTION PROCEEDING

Domino's Pizza Enterprises Ltd (Domino's) advises that it has now been served with an unsealed class action proceeding filed in the Federal Court of Australia.

The proceeding has been filed by Phi Finney McDonald on behalf of Australian franchisee employees who were employed as delivery drivers or in-store workers between 24 June 2013 and 23 January 2018.

The Statement of Claim alleges that Domino's misled its franchisees by advising them to pay delivery drivers and in-store workers under a series of industrial instruments and not the Fast Food Industry Award 2010.

Therium Litigation Finance Atlas AFP IC is providing litigation funding in relation to the proceeding.

Domino's intends to defend this proceeding.
