Total net returns represent past performance only. **Past performance is not a reliable indicator of future performance.** The Fund is subject to the risk of stock market fluctuations. Total returns (net) have been calculated using the net asset value of the Fund from one period to the next. The returns include any re-invested distributions and are after fees and expenses. No allowance has been made for taxation. For periods of less than one-year returns are not annualised. Returns of the Fund can be volatile and in some periods may be negative. The return of capital is not guaranteed.
