Operating and financial review

The Group recorded a consolidated statutory net profit after tax for the half year of \$74,303,000 (half year ended 31 December 2021: \$112,687,000). Statutory net profit after tax has been prepared in accordance with the *Corporations Act 2001* and Australian Accounting Standards, which comply with International Financial Reporting Standards.

The Group recorded an operating profit after tax for the half year of \$58,527,000 (half year ended 31 December 2021: \$58,712,000). Operating profit after tax excludes non-operating items such as transaction costs and fair value movements and share of net profit of equity accounted investments in excess of distributions received.

The Segment profit or loss in Note B1 has a detailed breakdown of the composition of operating profit and statutory profit. The Segment summary disclosure in Note A5 provides a detailed summary of the Group's segments and further detail of what is considered operating and non-operating segments.

Eliminations between the operating and non-operating segment largely relate to elimination of inter-group revenues and expenses between the benefit funds, controlled property funds and the Group. Fair value movements of financial instruments and property are also eliminated which relate to movements in fair value of underlying properties in the controlled property funds to appropriately reflect the consolidated results of the controlled property funds.

The statutory NPAT includes a number of items that are not considered operating in nature, the table below provides a reconciliation from statutory profit to operating profit.

	31 December 2022 \$'000	31 December 2021 \$'000
Reconciliation of statutory profit to operating profit		
Statutory profit after tax	74,303	112,687
Statutory earnings per Centuria Capital Group security (EPS) (cents)	9.3	13.8
Less non-operating items:		
Unrealised gain on fair value movements in derivatives, property and investments	(23,666)	(47,793)
Seed capital writeback	-	(957)
Corporate transaction and other costs	1,681	911
Profit attributable to controlled property funds	-	(5,785)
Eliminations between the operating and non-operating segment	-	568
Equity accounting adjustments	4,819	753
Tax impact of above non-operating adjustments	1,390	(1,672)
Operating profit after tax	58,527	58,712
Operating EPS (cents)	7.4	7.4

Operating and financial review (continued)

A summary of the Group's operating segments is provided in Note A5 of the Financial Report. The Operating NPAT for the Group comprises the result of the divisions which report to the Joint CEOs and Board of Directors for the purpose of resource allocation and assessment of performance.

Operational highlights for the key divisions were as follows:

Segment	Operating profit after tax for the half year \$'000		Increase/ (Decrease) \$'000	Increase/ (Decrease) %	Highlights
	2022	2021			
Property Funds Management	40,389	39,746	643	2	(a)
Co-Investments	9,125	13,717	(4,592)	(33)	(b)
Developments	3,713	1,889	1,824	97	(c)
Property and Development Finance	2,654	1,353	1,301	96	(d)
Investment Bonds Management	636	2,944	(2,308)	(78)	(e)
Corporate	2,010	(937)	2,947	315	
Operating profit after tax	58,527	58,712			

(a) Property Funds Management

For the half year ended 31 December 2022, Property Funds Management operating NPAT of \$40,389,000 was higher than the previous half year ended 31 December 2021 by \$643,000. This increase is primarily due to higher management fees due to AUM growth, offset by lower acquisition fees and performance fees compared to the previous corresponding period.

For the half year ended 31 December 2022, excluding the after tax impact of performance fees, the Property Funds Management segment profit increased by \$3,760,000 or 14% reflecting the growth in AUM.

(b) Co-Investments

For the half year ended 31 December 2022, the Co-Investments segment operating profit after tax decreased by \$4,592,000 which is due to a combination of a full half-year impact of commitment fees on Revolver A and Revolver B in addition to higher interest rates in the period.

(c) Developments

For the half year ended 31 December 2022, the Developments segment operating net profit after tax increased by \$1,824,000 to \$3,713,000. This was primarily due to the recognition of development profit on the Wyatt Street development in addition to stronger development management fees due to expended number of projects.

(d) Property and Development Finance

For the half year ended 31 December 2022, the Property and Development Finance operating segment net profit after tax was \$2,654,000. This is an increase of \$1,301,000 compared to 31 December 2021 due to AUM increasing from \$0.6 billion to \$1.1 billion.

This segment was created from the Group's acquisition of 50% interest in Bass Capital Partners Pty Ltd (Centuria Bass), a real estate debt fund provider on 22 April 2021.

The operating results of Centuria Bass are shown in Note B1 as the Group's proportionate share.

(e) Investment Bonds Management

For the half year ended 31 December 2022, the Investment Bond Management segment's operating profit after tax decreased by \$2,308,000 to \$636,000 mainly due to the one-off fees received last half year when the Capital Guaranteed product transitioned into unitised products.

Interim 2023 Trust distribution	4.60	36,634	9 February 2023

Events subsequent to the reporting date

From 31 December 2022 to 7 February 2023, the fair value gain on investments in listed funds is \$61,725,000, with the share price in CIP moving from \$3.12 to \$3.52 and the share price in COF moving from \$1.53 to \$1.73.

In February 2023, the Group received credit approval for a new 5-year \$50,000,000 secured note facility. The facility is a floating rate term loan facility with a margin of 2.60%.

Other than the above, there has not arisen in the interval between 31 December 2022 and the date hereof any item, transaction or event of a material and unusual nature likely, in the opinion of the Directors of the Company, to affect significantly the operations of the Group, the results of those operations, or the state of affairs of the Group, in future financial years.

Likely developments

The Group continues to pursue its strategy of focusing on its core operations, utilising a strengthened balance sheet to provide support to grow and develop these operations.

Further information about likely developments in the operations of the Group and the expected results of those operations in future financial years has not been included in this report because disclosure of the information would be likely to result in unreasonable prejudice to the Group.

Environmental regulation

The Group has policies and procedures to identify and appropriately address environmental obligations that might arise in respect of the Group's operations that are subject to significant environmental laws and regulation. The Directors have determined that the Group has complied with those obligations during the financial period and that there has not been any material breach.

Indemnification of officers and auditor

The Company has agreed to indemnify all current and former directors and executive officers of the Company and its controlled entities against all liabilities to persons (other than the Company or a related body corporate) which arise out of the performance of their normal duties as a director or executive officer unless the liability relates to conduct involving a lack of good faith.

The Company has agreed to indemnify the directors and executive officers against all costs and expenses incurred in defending an action that falls within the scope of the indemnity and any resulting payments.

The directors have not included details of the nature of the liabilities covered or the amount of premium paid in respect of the directors' and officers' liability and legal expenses insurance contracts, as such disclosure is prohibited under the terms of the contracts. The Company has not otherwise, during or since the end of the financial period, except to the extent permitted by law, indemnified or agreed to indemnify an officer or auditor of the Company or any related body corporate against a liability incurred as an officer or auditor.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 5.

Rounding of amounts

The Group is an entity of a kind referred to in ASIC Legislative Instrument 2016/191, related to the 'rounding off' of amounts in the Directors' Report and interim financial statements. Amounts in the Directors' Report and interim financial statements have been rounded off, in accordance with the instrument to the nearest thousand dollars, unless otherwise indicated.

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

To the Directors of Centuria Capital Limited

I declare that, to the best of my knowledge and belief, in relation to the review of Centuria Capital Limited (as deemed parent presenting the stapled security arrangement of the Centuria Capital Group) for the half-year ended 31 December 2022 there have been:

- i. no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the review; and
- ii. no contraventions of any applicable code of professional conduct in relation to the review.

A About the report

A1 General information

The shares in Centuria Capital Limited and the units in Centuria Capital Fund ('CCF') are stapled to trade together as a single stapled security ('Stapled Security') on the ASX as 'Centuria Capital Group' (the 'Group') under the ticker code, 'CNI'.

The Group is a for-profit entity and its principal activities are the marketing and management of investment products, including property investment funds and friendly society investment bonds, and co-investments in property investment funds.

Statement of compliance

The consolidated interim financial statements for the half year ended 31 December 2022 have been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. The consolidated interim financial statements comply with International Financial Reporting Standards (IFRS) adopted by the International Accounting Standards Board (IASB).

The consolidated interim financial statements do not include all the notes of the type normally included in the annual financial report. Accordingly, this report should be read in conjunction with the annual consolidated financial statements for the year ended 30 June 2022 and any public announcements made by the Group during the half year reporting period in accordance with continuous disclosure requirements of the *Corporations Act 2001*.

Basis of preparation

The consolidated interim financial statements have been prepared on the basis of historical cost, except for financial assets at fair value through profit and loss, investment properties and investment property held for sale which have been measured at fair value at the end of each reporting period. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, which is the company's functional currency, unless otherwise noted.

Assets and liabilities have been presented on the face of the statement of financial position in decreasing order of liquidity and do not distinguish between current and non-current items.

Going Concern

The consolidated interim financial statements have been prepared on a going-concern basis, which assumes continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business.

Rounding of amounts

The Group is an entity of a kind referred to in ASIC Legislative Instrument 2016/191, related to the 'rounding off' of amounts in the Directors' Report and consolidated interim financial statements. Amounts in the Directors' Report and consolidated interim financial statements have been rounded off, in accordance with the instrument to the nearest thousand dollars, unless otherwise indicated.

A2 Significant accounting policies

The accounting policies and methods of computation in the preparation of the consolidated interim financial statements are consistent with those adopted in the previous financial year ended 30 June 2022 with the exception of the adoption of new accounting standards outlined below or in the relevant notes to the consolidated interim financial statements.

Foreign currency transactions

Transactions in foreign currencies are translated into the respective functional currencies of Group companies at the exchange rate at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Foreign currency differences are generally recognised in profit or loss.

However, foreign currency differences arising from the translation of the following items are recognised in Other Comprehensive Income (OCI):

- an investment in equity securities designated as at Fair value through OCI (FVOCI) (except on impairment, in which case foreign currency differences that have been recognised in OCI are reclassified to profit or loss);
- a financial liability designated as a hedge of the net investment in a foreign operation to the extent that the hedge is effective; and
- qualifying cash flow hedges to the extent that the hedges are effective.

Foreign operations

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition, are translated into the Australian dollar (AUD) at the exchange rate at the reporting date. The income and expenses of foreign operations are translated into AUD at the exchange rates at the date of the transactions.

Foreign currency differences arising from the translation of foreign operations are recognised in OCI and accumulated into the translation reserve, except to the extent that the translation difference is allocated to NCI.

A3 New Accounting Standards and Interpretations

The AASB has issued new or amendments to standards that are first effective from 1 July 2022.

The following amended standards and interpretations that have been adopted do not have a significant impact on the Group's consolidated financial statements.

Standards now effective:

AASB 2020-3 Amendments to Australian Accounting Standards - Annual Improvements 2018-2020 and Other Amendments

AASB 2020-3 amends AASB 1 First-time Adoption of Australian Accounting Standards, AASB 3 Business Combinations, AASB 9 Financial Instruments, AASB 116 Property, Plant and Equipment, AASB 137 Provisions, Contingent Liabilities and Contingent Assets and AASB 141 Agriculture.

Standards not yet effective:

A number of new standards are effective for annual periods beginning after 1 July 2022 and earlier application is permitted; however, the Group has not early adopted the new or amended standards in preparing these consolidated financial statements.

The following new and amended standards are not expected to have a significant impact on the Group's consolidated interim financial statements.

- AASB 2020-1 Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current
- AASB 17 Insurance Contracts
- AASB 2020-5 Amendments to Australian Accounting Standards - Insurance Contracts
- AASB 2022-1 Amendments to Australian Accounting Standards - Initial application of AASB 17 and AASB 9 - Comparative Information
- AASB 2021-2 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies and Definition of Accounting Estimates
- AASB 2021-5 Amendments to Australian Accounting Standards - Deferred Tax related to Assets and Liabilities arising from a Single Transaction
- AASB 2021-7(a-c) Amendments to Australian Accounting Standards - Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections
- AASB 2014-10 Amendments to Australian Accounting Standards - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

A4 Use of judgements and estimates

In preparing these consolidated interim financial statements management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense that are not readily apparent from other sources. The judgements, estimates and assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the consolidated financial statements are included in the following notes:

- Note B2 Revenue - Performance fees
- Note C6 Intangible assets
- Note F1 Financial instruments

A5 Segment summary

As at 31 December 2022 the Group has six reportable operating segments. These reportable operating segments are the divisions which report to the Group's Joint Chief Executive Officer's and Board of Directors for the purpose of resource allocation and assessment of performance.

The reportable operating segments are:

Operating segments	Description
Property Funds Management	Management of listed and unlisted property funds.
Co-Investments	Direct interest in property funds, properties held for development and other liquid investments.
Developments	Management of development projects and completion of structured property developments which span sectors ranging from Commercial Office, Industrial, Health through to Residential Mixed Use.
Property and Development Finance	Provision of real estate secured non-bank finance for land sub-division, bridging finance, development projects and residual stock.
Investment Bonds Management	Management of the Benefit Funds of Centuria Life Limited and management of the Over Fifty Guardian Friendly Society Limited. The Benefit Funds include a range of financial products, including single and multi-premium investments.
Corporate	Overheads for supporting the Group's operating segments and management of a reverse mortgage lending portfolio.

In addition, the Group provides disclosures in relation to a further four non-operating segments, which are:

Non-operating segments	Description
Non-operating items	Comprises transaction costs, mark-to-market movements on financial assets, property and derivative financial instruments, share of equity accounted net profit in excess of distributions received and all other non-operating activities.
Benefit Funds	Represents the operating results and financial position of the Benefit Funds of Centuria Life Limited which are required to be consolidated in the Group's financial statements in accordance with accounting standards.
Controlled Property Funds	Represents the operating results and financial position of property funds which are managed by the Group and consolidated under accounting standards. The Group's principal activities do not include direct ownership of these funds for the purpose of control and deriving rental income. Therefore, the results attributable to the controlled property funds are excluded from operating profit. However, the performance management fees of the controlled property funds is included in operating profit, aligned with how performance of the business is assessed by management of the Group.
Eliminations	Elimination of transactions between the operating segments and the other non-operating segments above, including transactions between the operating entities within the Group, and the property funds controlled by the Group and the Benefit Funds.

The accounting policies of reportable segments are the same as the Group's accounting policies.

Goodwill and intangible assets are classified as non-current.

Goodwill and management rights are solely attributable to the Property Funds Management cash generating unit with recoverability determined by a value in use calculation using profit and loss projections covering a five year period, with a terminal value determined after five years.

*The prior period Goodwill has been amended to reflect purchase price adjustments of \$3,300,000 that had been recorded as a tax receivable and should have been recorded as part of the purchase price consideration. The tax receivable as at 30 June 2022 will have a corresponding impact decreasing by \$3,300,000.

Key estimates and judgements

The key assumptions used in the value in use calculations for the Property Funds Management cash-generating unit are as follows:

Revenue

Revenues in 2023 are based on the Board approved budget for 2023 and are assumed to increase at a rate of 7.5% (30 June 2022: 7.5%) per annum for years 2024-2027. The directors believe this is a prudent and achievable growth rate based on past experience.

Expenses

Expenses in 2023 are based on the budget for 2023 and are assumed to increase at a rate of 5.0% (30 June 2022: 5.0%) per annum for the years 2024-2027. The directors believe this is an appropriate growth rate based on past experience.

Discount rate

Discount rates are determined to calculate the present value of future cash flows. A pre-tax rate of 9.26% (30 June 2022: 11.80%) is applied to cash flow projections. In determining the appropriate discount rate, regard has been given to relevant market data as well as Group specific inputs.

Terminal growth rate

Beyond 2027, a growth rate of 3.0% (30 June 2022: 3.0%), in line with long term economic growth, has been applied to determine the terminal value of the asset.

Sensitivity to changes in assumptions

As at 31 December 2022, the estimated recoverable amount of intangibles including goodwill relating to the Property Funds Management cash-generating unit exceeded its carrying amount by \$569,800,000 (30 June 2022: \$324,500,000).

F Other

F1 Fair value of financial instruments

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy for financial instruments measured at fair value.

The table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

There were no transfers between Level 1, 2 and 3 in the period.

F1 Fair value of financial instruments (continued)

The Group determines Level 2 fair values for financial assets and liabilities without an active market based on broker quotes. Level 2 fair values for simple over-the-counter derivatives are also based on broker quotes. Those quotes are tested for reasonableness by discounting expected future cash flows using market interest rates for a similar instrument at the measurement date. Fair values reflect the credit risk of the instrument and include adjustments to take account of the credit risk of the entity and counterparty where appropriate.

The Level 3 financial asset held by the Group is the fair value of the residential mortgage receivables attributable to interest rate risk. The Level 3 financial liability held by the Group is the fixed-for-life interest rate swaps. These items are designated in a fair value hedging relationship, with the fair value movements on the swaps offset by the fair value movements in the mortgage receivables. However, as the Group has only designated the fair value movements attributable to interest rate risk in the hedging relationship, any other fair value movements impact the profit and loss directly, such as credit risk movements.

Key estimates and judgements

The fair value of the 50-year residential mortgage loans and 50-year swaps are calculated using a valuation technique based on assumptions that are not supported by prices from observable current market transactions in the same instrument and not based on available observable market data due to the illiquid nature of the instruments. A discounted cash flow model is used for fair valuation using expected net cash flows and a discount factor derived from a 20-year yield curve, with the yield curve rates at 20 years employed as the best proxy over the remaining life expectancy of the borrowers.

Assumptions and inputs used for valuation of reverse mortgage loan receivables:

- The loan interest compounding period is the expected remaining life of the borrower;
- Mortality rates for males and females are based on portfolio-adjusted 2013-2015 Life Tables;
- The compounding interest rate is the fixed rate of loan for the period from day 1 up to the point of time when loan carrying amount equals the property value. After that point of time, the loan compounding rate will be reduced to the same as long term residential property growth rate determined by Management, on the grounds that any fixed rate exceeding the property growth rate will not be recovered after that point of time;
- For 31 December 2022 valuation, the property growth rates are 0% for FY23, 3.5% for FY24, then reverted back to 3.5% flat rate from FY25 onwards;
- Discount factors are calculated based on the market quoted long term rates on 31 December 2022;
- The 1% flat credit risk premium, reflecting the portfolio default profile on 31 December 2022, is added to the monthly cash flow discount factors to discount future cash flows generated by the reverse mortgage loans.

F1 Fair value of financial instruments (continued)

Key estimates and judgements (continued)

Assumptions and inputs used for valuation of the 50-year interest rate swaps:

- Mortality rates for males and females are based on portfolio-adjusted 2013-2015 Life Tables. The improvement factor tapers down to 1% p.a. at age 90 and then zero at age 100;
- Joint life mortality is calculated based on last death for loans with joint borrowers;
- 46% of the residential mortgage loan portfolio consists of joint lives;
- Discount factors are calculated based on the market quoted long term rates on 31 December 2022;
- The 1.89% flat credit risk premium, reflecting the business default profile on 31 December 2022, is added to the monthly cash flow discount factors to discount future cash flows generated by the interest rate swaps.

F2 Events subsequent to the reporting date

From 31 December 2022 to 7 February 2023, the fair value gain on investments in listed funds is \$61,725,000, with the share price in CIP moving from \$3.12 to \$3.52 and the share price in COF moving from \$1.53 to \$1.73.

In February 2023, the Group received credit approval for a new 5-year \$50,000,000 secured note facility. The facility is a floating rate term loan facility with a margin of 2.60%.

Other than the above, there has not arisen in the interval between 31 December 2022 and the date hereof any item, transaction or event of a material and unusual nature likely, in the opinion of the Directors of the Company, to affect significantly the operations of the Group, the results of those operations, or the state of affairs of the Group, in future financial years.

Directors' declaration

In the opinion of the Directors' of Centuria Capital Limited:

- (a) the consolidated interim financial statements and notes set out on pages 6 to 36 are in accordance with the *Corporations Act 2001*, including:
 - (i) complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the Corporations Regulations 2001; and
 - (ii) giving a true and fair view of the Group's financial position as at 31 December 2022 and of its performance for the half year ended on that date, and
- (b) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the Directors.

Independent Auditor's Review Report

To the stapled security holders of Centuria Capital Group

Conclusion

We have reviewed the accompanying **Interim Financial Report** of Centuria Capital Group.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Interim Financial Report of Centuria Capital Group does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the **Stapled Group's** financial position as at 31 December 2022 and of its performance for the Half-year ended on that date; and
- complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

The **Interim Financial Report** comprises:

- Consolidated interim statement of financial position as at 31 December 2022;
- Consolidated interim statement of comprehensive income, Consolidated interim statement of changes in equity and Consolidated interim statement of cash flows for the half-year ended on that date;
- Notes A1 to F2 comprising a summary of significant accounting policies and other explanatory information; and
- The Directors' Declaration.

Centuria Capital Group (the **Stapled Group**) comprises Centuria Capital Limited (the Company) and the entities it controlled at the Interim Period's end or from time to time during the Interim Period and Centuria Capital Fund (the Fund) and the entities it controlled at the Interim Period's end or from time to time during the interim period.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report.

We are independent of the Stapled Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with these requirements.

Responsibilities of the Directors for the Interim Financial Report

The Directors of the Company are responsible for:

- the preparation of the Interim Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*
- such internal control as the Directors determine is necessary to enable the preparation of the Interim Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Interim Financial Report

Our responsibility is to express a conclusion on the Interim Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Interim Financial Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Stapled Group's financial position as at 31 December 2022 and its performance for the half-year ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of an Interim Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Interim 2023 Trust distribution	4.60	36,634	9 February 2023

Events subsequent to the reporting date

From 31 December 2022 to 7 February 2023, the fair value gain on investments in listed funds is \$56,887,000, with the share price in CIP moving from \$3.12 to \$3.52 and the share price in COF moving from \$1.53 to \$1.73.

In February 2023, the Fund received credit approval for a 5-year \$50,000,000 secured note facility. The facility is a floating rate revolving facility with a margin of 2.60%.

Other than the above, there has not arisen in the interval between 31 December 2022 and the date hereof any item, transaction or event of a material and unusual nature likely, in the opinion of the directors of the Fund, to affect significantly the operations of the Fund, the results of those operations or the state of affairs of the Fund in future financial years.

Likely developments

The Fund continues to pursue its strategy of focusing on its core operations, utilising a balance sheet to provide support to grow and develop these operations.

Further information about likely developments in the operations of the Fund and the expected results of those operations in future financial years has not been included in this report because disclosure of the information would be likely to result in unreasonable prejudice to the Fund.

Environmental regulations

The Fund has policies and procedures to identify and appropriately address environmental obligations that might arise in respect of the Fund's operations that are subject to environmental laws and regulation. The Directors have determined that the Fund has complied with those obligations during the financial year and that there have not been any material breaches.

Indemnification of officers and auditors

Under the Fund's constitution the Responsible Entity, including its officers and employees, is indemnified out of the Fund's assets for any loss, damage, expense or other liability incurred by it in properly performing or exercising any of its powers, duties or rights in relation to the Fund. The Responsible Entity has not indemnified or agreed to indemnify any auditor or other officer of the Fund, or any related body corporate.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 4.

Rounding of amounts

The Fund is an entity of a kind referred to in ASIC Legislative Instrument 2016/191, related to the 'rounding off' of amounts in the Directors' Report and interim financial statements. Amounts in the Directors' Report and interim financial statements have been rounded off, in accordance with the instrument to the nearest thousand dollars, unless otherwise indicated.

This report is made in accordance with a resolution of Directors.

A About the report

A1 General information

The units in the Fund and the shares in Centuria Capital Limited ('CCL') are stapled to trade together as a single stapled security ('Stapled Security') on the ASX as 'Centuria Capital Group' under the ticker code, 'CNI'.

The Fund is a for-profit entity and its principal activities are holding direct interest in property funds and other liquid investments.

Statement of compliance

The consolidated interim financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards adopted by the Australian Accounting Standards Board (AASB) and the Corporations Act 2001. The consolidated interim financial statements comply with International Financial Reporting Standards (IFRS) adopted by the International Accounting Standards Board (IASB).

The consolidated interim financial statements of the Fund comprising the Fund (as 'Parent') and its controlled entities for the half year ended 31 December 2022 were authorised for issue by the Board of Directors of Centuria Funds Management Limited as the Responsible Entity on 7 February 2023.

The Fund was established on 20 July 2016.

Basis of preparation

The consolidated interim financial statements have been prepared on the basis of historical cost, except for financial assets at fair value through profit and loss, investment properties, derivative financial instruments and other financial assets which have been measured at fair value at the end of each reporting period. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, which is the Fund's functional currency, unless otherwise noted.

Assets and liabilities have been presented on the face of the statement of financial position in decreasing order of liquidity and do not distinguish between current and non-current items.

Rounding of amounts

The Fund is of a kind referred to in ASIC Legislative Instrument 2016/191, related to the 'rounding off' of amounts in the consolidated interim financial statements. Amounts in the consolidated interim financial statements have been rounded off, in accordance with the instrument to the nearest thousand dollars, unless otherwise indicated.

A2 Significant accounting policies

The accounting policies and methods of computation in the preparation of the consolidated interim financial statements are consistent with those adopted in the previous financial year ended 30 June 2022 with the exception of the adoption of new accounting standards outlined below or in the relevant notes to the consolidated interim financial statements.

When the presentation or classification of items in the consolidated interim financial statements has been amended, comparative amounts are also reclassified, unless it is impractical. Accounting policies are selected and applied in a manner that ensures that the resulting financial information satisfies the concepts of relevance and reliability, thereby ensuring that the substance of the underlying transactions or other events are reported.

These consolidated interim financial statements contain all significant accounting policies that summarise the recognition and measurement basis used and which are relevant to provide an understanding of the financial statements. Accounting policies that are specific to a note to the financial statements are described in the note to which they relate.

A3 Other new accounting standards and interpretations

The AASB has issued new or amendments to standards that are first effective from 1 July 2022.

The following amended standards and interpretations do not have a significant impact on the Fund's consolidated interim financial statements.

Standards now effective

AASB 2020-3 Amendments to Australian Accounting Standards - Annual Improvements 2018-2020 and Other Amendments
AASB 2020-3 amends AASB 1 First-time Adoption of Australian Accounting Standards, AASB 3 Business Combinations, AASB 9 Financial Instruments, AASB 116 Property, Plant and Equipment, AASB 137 Provisions, Contingent Liabilities and Contingent Assets and AASB 141 Agriculture.

A3 Other new accounting standards and interpretations (continued)

Standards not yet effective:

A number of new standards are effective for annual periods beginning after 1 July 2022 and earlier application is permitted; however, the Fund has not early adopted the new or amended standards in preparing these consolidated financial statements.

The following new and amended standards are not expected to have a significant impact on the Fund's consolidated financial statements.

- AASB 2020-1 Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current
- AASB 17 Insurance Contracts
- AASB 2020-5 Amendments to Australian Accounting Standards - Insurance Contracts
- AASB 2022-1 Amendments to Australian Accounting Standards - Initial application of AASB 17 and AASB 9 - Comparative Information
- AASB 2021-2 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies and Definition of Accounting Estimates
- AASB 2021-5 Amendments to Australian Accounting Standards - Deferred Tax related to Assets and Liabilities arising from a Single Transaction
- AASB 2021-7(a-c) Amendments to Australian Accounting Standards - Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections
- AASB 2014-10 Amendments to Australian Accounting Standards - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

A4 Use of judgements and estimates

In preparing these consolidated interim financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense that are not readily apparent from other sources. The judgements, estimates and assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the consolidated interim financial statements is included in the following notes:

- Note C2 Financial assets
- Note E1 Financial instruments

A5 Going Concern

The financial report has been prepared on a going-concern basis, which assumes continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business.

The Fund is stapled to Centuria Capital Limited (CCL), together the Centuria Capital Group, under the terms of the stapling deed, each party guarantees the obligations and payables of each other and will provide financial accommodation to the other party.

E Other

E1 Fair value of financial instruments

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy for financial instruments measured at fair value.

The table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

There were no transfers between Level 1, 2 and 3 in the period.

*Prior year numbers have been represented to reflect current year presentation

The Fund determines Level 2 fair values for financial assets and liabilities without an active market based on broker quotes. Level 2 fair values for simple over-the-counter derivatives are also based on broker quotes. Those quotes are tested for reasonableness by discounting expected future cash flows using market interest rates for a similar instrument at the measurement date. Fair values reflect the credit risk of the instrument and include adjustments to take account of the credit risk of the entity and counterparty where appropriate.

E2 Events subsequent to the reporting date

From 31 December 2022 to 7 February 2023, the fair value gain on investments in listed funds is \$56,887,000, with the share price in CIP moving from \$3.12 to \$3.52 and the share price in COF moving from \$1.53 to \$1.73.

In February 2023, the Fund received credit approval for a 5-year \$50,000,000 secured note facility. The facility is a floating rate revolving facility with a margin of 2.60%.

Other than the above, there has not arisen in the interval between 31 December 2022 and the date hereof any item, transaction or event of a material and unusual nature likely, in the opinion of the directors of the Fund, to affect significantly the operations of the Fund, the results of those operations or the state of affairs of the Fund in future financial years.

Independent Auditor's Review Report

To the unitholders of Centuria Capital Fund

Conclusion

We have reviewed the accompanying **Interim Financial Report** of Centuria Capital Fund (the Fund).

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Interim Financial Report of Centuria Capital Fund does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the **Group's** financial position as at 31 December 2022 and of its performance for the half-year ended on that date; and
- complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

The **Interim Financial Report** comprises:

- Consolidated interim statement of financial position as at 31 December 2022;
- Consolidated interim statement of comprehensive income, Consolidated interim statement of changes in equity and Consolidated interim statement of cash flows for the Half-year ended on that date;
- Notes A1 to E2 comprising a summary of significant accounting policies and other explanatory information; and
- The Directors' Declaration.

The **Group** comprises Centuria Capital Fund (the Fund) and the entities it controlled at the half year's end or from time to time during the half-year.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with these requirements.

Responsibilities of the Directors for the Interim Financial Report

The Directors of Centuria Funds Management Limited (the Responsible Entity) are responsible for:

- the preparation of the Interim Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*; and
- such internal control as the Directors determine is necessary to enable the preparation of the Interim Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Interim Financial Report

Our responsibility is to express a conclusion on the Interim Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Interim Financial Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2022 and its performance for the half-year ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a Half-year Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
