## ASX Announcement

### 1H 24 Results Presentation

The Company's 1H 24 results presentation will be live streamed on Tuesday 27 February from 2.00pm AEDT.

To access the webcast, shareholders will need to register at the following link prior to the presentation:

<https://event.choruscall.com/mediaframe/webcast.html?webcastid=h7L17zLT>

Shareholders who would like to ask a question can email [investor@polynovo.com](mailto:investor@polynovo.com) in advance of the event and we will endeavor to answer your question during, or prior to, the event. Shareholders can also ask questions during the live event by entering their question directly into the webcast platform.

Broker analysts who cover the Company can also ask questions live.

This announcement has been authorised by PolyNovo Company Secretary Jan-Marcel Gielen.

#### About PolyNovo®

PolyNovo is a disruptive medical device company, focused on Advanced Wound Care that designs, develops, and manufactures dermal regeneration solutions (NovoSorb® BTM, NovoSorb® MTX) using its patented NovoSorb biodegradable polymer technology. Our development program covers Breast Sling, Hernia, and Orthopaedic applications. For further information see [polynovo.com](http://polynovo.com)

#### About NovoSorb®

NovoSorb BTM is a dermal scaffold for the regeneration of the dermis when lost through extensive surgery, trauma or burn. NovoSorb is a novel range of bio-resorbable polymers that can be produced in many formats including film, fibre, foam, and coatings. NovoSorb's unique properties provide excellent biocompatibility, control over physical properties, and a programmable bio-resorption profile.
