**BRISBANE BRONCOS LIMITED AND CONTROLLED ENTITIES  
2005 FULL YEAR PROFIT EXPECTATION**

The directors of Brisbane Broncos Limited today announced their expectations in relation to the Company's profit result for the financial year ended 31 December 2005.

It is anticipated that the 2005 profit before tax will improve by up to 100% compared to the previous corresponding period. This projection is based on unaudited management accounts and the Company's forecast for the remainder of the financial year.

Strong sponsorship sales and gate attendances are the major contributing factors to this result.
