### MONT ROYAL RESOURCES LIMITED AND ITS CONTROLLED ENTITIES DIRECTORS' REPORT

Your directors present their report on the consolidated group for the half year ended 31 December 2023.

#### **Directors**

The names, qualifications and experience of the directors in office at any time during, or since the end of, the period are as follows. Directors have been in office for the entire period unless otherwise stated.

Gary Lawler (Non-Executive Chairman) Peter Ruse (Executive Director) Ronnie Beevor (Non-Executive Director)

#### **Principal Activities**

The principal activity of the consolidated group during the period was the farm-in and exploration of the Wapatik Gold-Copper Project and the exploration on the Northern Lights Minerals projects in the Upper Eastmain Greenstone Belt in Quebec, Canada.

#### **Review of Operations**

The consolidated loss of the consolidated group for the financial period after providing for income tax amounted to \$465,361 (2022: \$405,769).

Mont Royal Resources (ASX: MRZ) has built a significant position in an underexplored greenstone belt in the James Bay area of Quebec, Canada, with the Company's Northern Lights and Wapatik Lithium Projects, both strategically located in the lower and upper regions of the belt (Figure 1). The projects are prospective for lithium, precious (gold, silver) and base metal mineralisation (copper, nickel).

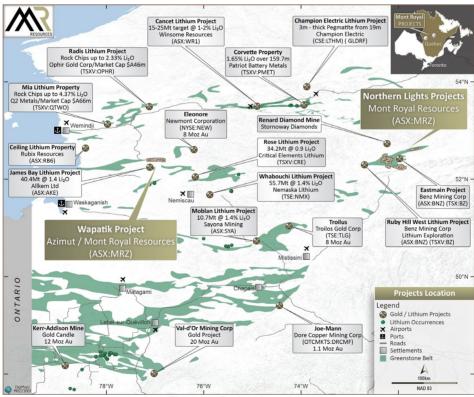

Figure 1: Project Locations

#### Northern Lights Projects

As a result of successful exploration programs, Mont Royal has established three distinct target areas across the Company's Northern Lights tenements in Quebec:

- The Bohier LCT-bearing pegmatite outcrops, including a 500-metre long exploration target;
- High-grade discoveries within the Eastmain-Léran Wahemen Boulder field; and
- The Eastmain-Léran Central Boulder discovery and 8km tantalum zone.

The Bohier LCT-bearing pegmatite outcrops were identified through the Company's first lithium prospecting phase in July/August 2023. Follow-up field work comprised a gravimetry survey undertaken in parallel with trenching and channel sampling at the Bohier Pegmatite.

The gravimetry survey focused on the western end of the greenstone units, extending from the property's west end to the north-east of the pegmatite outcrops. The trenching and channel sampling program was designed firstly to

### MONT ROYAL RESOURCES LIMITED AND ITS CONTROLLED ENTITIES DIRECTORS' REPORT

define the thickness and lateral extents of the pegmatite and secondly to identify the source of any preliminary gravimetric anomalies identified.

Gravimetric data identified a series of gravimetric lows (which is significant as pegmatites are less dense than surrounding greenstones). One of these gravimetric lows represents the direct continuation of the known pegmatite exposure at surface and extends 500m to the west.

This anomaly extends over a small pegmatite outcrop with traces of spodumene (assays from surface sampling returned values of 75ppm Li), which indicates that the gravimetric low is related to the spodumene pegmatite – making it a priority focus for exploration.

Five other anomalies were interpreted with lengths varying from 200m to 400m.

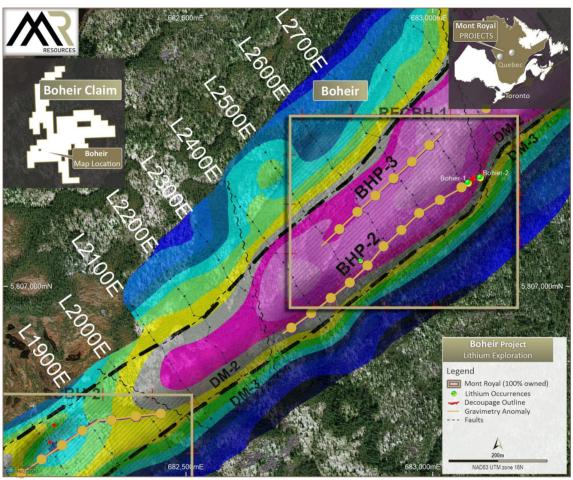

Figure 2 – Gravimetric survey results showing the 500m target zone and the three known pegmaties. Source: IOS Geoscientique.

High-grade results from the trenching and channel sampling program included 6.05m @ 1.78%  $L_{i2}O$ , 7m @ 1.71%  $L_{i2}O$  and 1m @ 1.97%  $L_{i2}O$ .

Planning is well advanced for an initial drilling program at Bohier commencing in H1 2024.

At the Eastmain Léran Wahemen Boulder field, grab sampling at the Wahemen Boulder field returned results including 2.41%, 3.51% and 4.02% Li<sub>2</sub>O in an area approximately 1km northeast of a historical lithium occurrence (press release dated 4th September 2023).

Observations from field work have confirmed the pegmatite boulders, up to 4m long, contain spodumene crystals up to 50cm long and beryl. The other boulders from the field are composed of local greenstones.

The boulder field location and boulders' composition strongly suggest that the source of these blocks is located northeast (i.e., up-ice), in a greenstone unit and no further than 1.2km away from where the contact between greenstone and granite has been found. Geological mapping and sampling along a series of closely spaced NW-SE traverses has since been completed.

A review of IOS Services Géoscientfiques' ARTGoldTM data from a 2017 till survey highlighted a few tantalum oxide dispersion trains. This new Tantalum-rich zone in the central section of the Eastmain-Léran Property was the focus of a prospecting program. A spodumene-bearing boulder was identified which returned an assay of 1.12% Li<sub>2</sub>O, opening up a new prospective area approximately 8km from the Wahemen Boulder field.

### MONT ROYAL RESOURCES LIMITED AND ITS CONTROLLED ENTITIES DIRECTORS' REPORT

A 90km² LiDAR survey was flown across the Tantalum-rich zones and boulder field area at the Eastmain Léran Project. LiDAR data will be interpreted in Q1 2024 to support planning for the 2024 mapping/prospecting season.

Given the scarcity of outcrops and signs of a low gravimetric signature near the Wahemen Boulder field, an additional gravimetric survey is planned during the winter to further identify target(s) to be drilled as a secondary program in addition to the advanced exploration target at the Bohier Project.

#### Wapatik Project

During the reporting period, Mont Royal and its joint venture partner, Azimut Exploration, completed a lithium exploration program at the Wapatik Project.

The Wapatik Project encompasses several pegmatite dykes visible from the air. The project is situated 18km north of the Allkem's James Bay Lithium Project (Mineral Resource Estimate of 40.3Mt at 1.4% Li<sub>2</sub>O and Ore Reserve of 37.2Mt at 1.3% Li<sub>2</sub>O.; ref. Allkem Website).

Till sampling was used to target priority areas with Tantalum and Caesium analysis. The western third of the property appears prospective, as well as several areas in its centre. Targeting will be further advanced using in-house remote sensing processing.

#### Corporate

Eastmain-Leran Project, Third Milestone Payment and completion of Project acquisition

During the reporting period, Mont Royal completed the third and final milestone payment to Focus Graphite Inc. (TSXV: FMS) to acquire the Eastmain Léran Project in Quebec's Upper Eastmain Greenstone Belt. Completion of the transaction occurred on 4 December 2023.

The Board of Mont Royal satisfied the 4 December 2023 payment obligation on the following basis:

- Cash Consideration: C\$400,000
- Share consideration: 2,734,858 Fully Paid Ordinary shares in MRZ

The share consideration, which represents C\$400,000, was calculated on the basis of a deemed issue price \$0.163 (10-day average closing price of MRZ) and an exchange rate AUD/CAD: 0.8973.

#### Significant Changes in the State of Affairs

There were no significant changes in the consolidated group's state of affairs during the financial period.

#### **Events Subsequent to the End of the Reporting Period**

No matters or circumstances have arisen since the end of the financial period which significantly affected or may significantly affect the operations of the consolidated group, the results of those operations, or the state of affairs of the consolidated group in future financial periods.

#### **Auditor's Independence Declaration**

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is included within this financial report.

Signed in accordance with a resolution of the Directors.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### (a) Basis of preparation

The interim consolidated financial report is a general purpose financial report prepared in accordance with the requirements of the Corporations Act 2001 and Accounting Standard AASB 134: Interim Financial Reporting. Compliance with AASB 134 ensures that the financial report and notes also comply with International Financial Reporting Standards IAS 34: Interim Financial Reporting.

It is recommended that this consolidated interim financial report be read in conjunction with the annual financial report for the year ended 30 June 2023 and any public announcements made by Mont Royal Resources Limited and its controlled entities during the half-year in accordance with the continuous disclosure requirements arising under the Corporations Act 2001 and ASX Listing Rules.

The interim consolidated financial report does not include full disclosures of the type normally included in annual financial reports.

The interim consolidated financial report has been prepared on an accruals basis and is based on historical costs, cost is based on the fair value of the consideration given in exchange for assets.

#### (b) Statement of compliance

The interim financial statements were authorised for issue on 28 February 2024.

The interim financial statements comply with Australian Accounting Standards, which include Australian equivalents to International Financial Reporting Standards (AIFRS). Compliance with AIFRS ensures that the financial report, comprising the interim financial statements and notes thereto, complies with International Financial Reporting Standards (IFRS).

#### (c) New accounting standards and interpretations

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

#### Standards and Interpretations applicable to 31 December 2023

In the period ended 31 December 2023, the Directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Group and effective for the current reporting period. As a result of this review, the Directors have determined that there is no material impact of the new and revised Standards and Interpretations on the Group and, therefore, no material change is necessary to Group accounting policies.

#### Accounting standards and interpretations issued but not yet effective

Certain Australian Accounting Standards and Interpretations have recently been issued or amended but are not yet effective and have not been adopted by the Group for the reporting period ended 31 December 2023. The Directors have not early adopted any of these new or amended standards or interpretations. The Directors have not yet fully assessed the impact of these new or amended standards (to the extent relevant to the Group) and interpretations.

#### (b) Earn-in to Wapatik Gold-Copper Project

On 22 September 2020, the Company announced that it had entered into a binding JV option agreement ("Agreement") with Azimut Exploration Inc. ("Azimut") (TSXV: AZM), to earn-in up to 70% of the Wapatik Gold-Copper Project ("Project"). The 70% earn-in is comprised of two earn-in options. The first option is described below.

<u>First option</u>: Mont Royal has an exclusive option to earn a 50% interest (the "First Option"): by making cash payments to Azimut aggregating C\$80,000; and by funding not less than C\$4,000,000 in exploration expenditures on the Project (the "First Option Earn-In Expenditures"), of which the first C\$600,000 ("Initial Commitment") constitutes a firm commitment of Mont Royal. Subsequent to the Initial Commitment, Mont Royal has the right not to proceed with the First Option. The First Option is set out below:

Period	Minimum First Option Earn-In Expenditures	Cash Payments
At the latest on the first (1st) anniversary of the Effective Date <sup>1.</sup>	C\$600,000	C\$20,000
At the latest on the second (2 <sup>nd</sup> ) anniversary of the Effective Date <sup>1</sup> .	C\$800,000	C\$20,000

At the latest on the fourth (4 <sup>th</sup> ) anniversary of the Effective Date	C\$1,400,000	C\$20,000
Total	C\$4,000,000	C\$80,000

<sup>1.</sup> These amounts have been incurred as at 31 December 2023.

<sup>&</sup>lt;sup>2.</sup> The full amount of the earn-in expenditure has not been incurred as at 31 December 2023 however Azimut has agreed to roll the balance of the expenditure into the fourth year commitment.

#### 9. CONTINGENT LIABILITIES, LEASE COMMITMENTS AND CONTINGENT ASSETS (continued)

#### (c) Northern Lights Minerals Projects

On 1 December 2021, the Company acquired a 75% interest in Northern Lights Minerals Pty Ltd ("Northern Lights"). Northern Lights has the right to acquire certain assets pursuant to the following agreements:

- (i) Northern Lights is party to an agreement with Dios Exploration Inc ("Dios") providing Northern Lights the right to acquire a 70% interest in the certain claims (and associated mining information) ("Dios Agreement") ("Dios Assets"); and
- (ii) a subsidiary of Northern Lights holds rights to acquire 100% of the rights in assets held by Focus Graphite Inc ("Focus Agreement") ("Focus Assets") which was completed on 4 December 2023.

#### Dios Agreement

Pursuant to the Dios Agreement, Northern Lights has the option to acquire an interest in 70% of the Dios Assets by making the following further cash payments:

- C\$50,000 on 1 July 2024; and
- C\$50,000 on 1 July 2025.

In addition, in order to exercise the option, Northern Lights must expend not less than C\$1.4m of exploration expenditure over a 5-year period.

#### 10. FINANCIAL RISK MANAGEMENT

The Group's financial instruments consistent mainly of deposits with banks, short-term investments and payables.

The carrying amounts of the current receivables, current payables and other liabilities are considered to be a reasonable approximation of their fair value.

#### 11. INVESTMENT IN SUBSIDIARY

### MONT ROYAL RESOURCES LIMITED AND ITS CONTROLLED ENTITIES

#### **DIRECTORS' DECLARATION**

In accordance with a resolution of the directors of Mont Royal Resources Limited, the directors of the Company declare that:

- 1. In the opinion of the directors:
  - (a) the interim financial statements and notes of the Consolidated Group are in accordance with the Corporations Act 2001, including:
    - (i) giving a true and fair view of the Consolidated Group's financial positions as at 31 December 2023 and of their performance for the half year ended on that date; and
    - (ii) complying with Australian Accounting Standards, the Corporations Regulations 2001, professional reporting requirements and other mandatory requirements;
  - (b) there are reasonable grounds to believe that the Company and the consolidated group will be able to pay its debts as and when they become due and payable.
- 2. This declaration has been made after receiving the declarations required to be made to the Directors in accordance with Section 303(5) of the Corporations Act 2001 for the half-year ended 31 December 2023.

Signed in accordance with a resolution of the board of directors

#### INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Mont Royal Resources Limited

#### Report on the Half-Year Financial Report

#### Conclusion

We have reviewed the half-year financial report of Mont Royal Resources Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2023, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2023 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

#### Basis for conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

#### Responsibility of the directors for the financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

#### Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and its financial performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
