## Burley to raise \$1.8m to fund maiden Pilbara iron ore drilling programme

### HIGHLIGHTS

- **\$1.8m capital raise consists of a combination of a share placement and share purchase plan.**
- **\$1.3m placement at \$0.05 per share to existing shareholders representing a 6% premium to the last closing price.**
- **Concurrent with the placement, Burley will conduct a share purchase plan to raise approximately AUD\$0.5m at \$0.05 per share.**
- **Funds to be used to progress maiden drilling programmes at both Broad Flat Well and Cane Bore Iron Ore Projects in the world leading Hamersley Iron Ore Province.**

Burley Minerals Ltd (ASX: **BUR**, “**Burley**” or “the **Company**”) is pleased to announce that it has received firm commitments to raise \$1.3 million (before costs) via a private share placement to sophisticated and institutional investors in accordance with Section 708 of the *Corporations Act 2001* (Cth) (the “**Placement**”). The Company will also offer eligible shareholders registered on 16 April 2024 (“**Record Date**”), the opportunity to participate in a Share Purchase Plan (“**SPP**”) of up to A\$0.5 million.

### Managing Director Stewart McCallion commented:

*“Burley is excited to announce a A\$1.8m capital raise at a premium to the last traded price, and is very pleased to have seen such a high level of interest from investors. This additional funding will allow Burley to progress maiden drilling at its Pilbara iron ore assets. It is highly encouraging that the drilling permit has been approved for Broad Flat Well, and regulatory approvals are making headway for Cane Bore. Both projects have high-lying Channel Iron Deposits, are easy to access and are close to transport infrastructure and ports.”*

### Placement details

The Placement is to be conducted by way of a private placement to existing shareholders. The Company is pleased to advise that it has received firm commitments to raise approximately AUD\$1.3m (before costs) by the issue of 26,074,188 shares to sophisticated and professional investors at \$0.05 per share, representing a 6% premium to the last closing price on Friday, 12 April 2024 and a 13% discount to the 5-day VWAP.

The new shares proposed to be issued under the Placement are expected to be issued on or about 24 April 2024 using the Company's available placement capacity under ASX Listing Rule 7.1 and 7.1A without the need for shareholder approval. The new shares to be issued under the Placement will rank equally with the Company's existing shares on issue.

### Share Purchase Plan Summary

The Company is also pleased to announce its intention to offer a SPP to existing eligible shareholders, being shareholders of the Company with a registered address in Australia recorded on the Company's share register at 5.00pm (AWST) on Tuesday, 16 April 2024 ("**Eligible Shareholders**").

Pursuant to the SPP, Eligible Shareholders will have the opportunity, irrespective of the size of their shareholding, to apply (without incurring brokerage fees) for up to \$30,000 worth of new Shares ("**SPP Shares**"), at an issue price of \$0.05 per SPP Share, and on the same terms as the Placement representing a 13% discount to the 5-day VWAP. The SPP is not underwritten.

The Company proposes to raise up to a total of \$500,000 (before costs) pursuant to the SPP, but reserves the right in its sole discretion to close the SPP early, to accept oversubscriptions, to scale back applications (in whole or in part) and/or to withdraw the SPP. Any scale back will be applied to the extent and in the manner the Company sees fit, which may include taking into account a number of factors such as the size of an Eligible Shareholder's shareholding at the Record Date, the extent to which the Eligible Shareholder has sold or purchased shares since the Record Date, whether the Eligible Shareholder may have multiple registered holdings, the date on which the application was made, and the total applications received from Eligible Shareholders. Proceeds from the SPP are indicatively proposed to be utilised for the same purposes as those proceeds raised under the Placement.

The SPP Shares will rank equally with existing shares from the date of issue.

The offer under the SPP is expected to open on or around 1 May 2024 and close on or around Monday, 19 May 2024.

In Western Australia, Burley also owns a 70% interest in the Yerecoin Iron Ore Project, located approximately 120km northeast of Perth, and which has a JORC 2012 compliant Inferred and Indicated Mineral Resource of 246.7Mt capable of producing a concentrate at >68% Fe<sup>1</sup>.

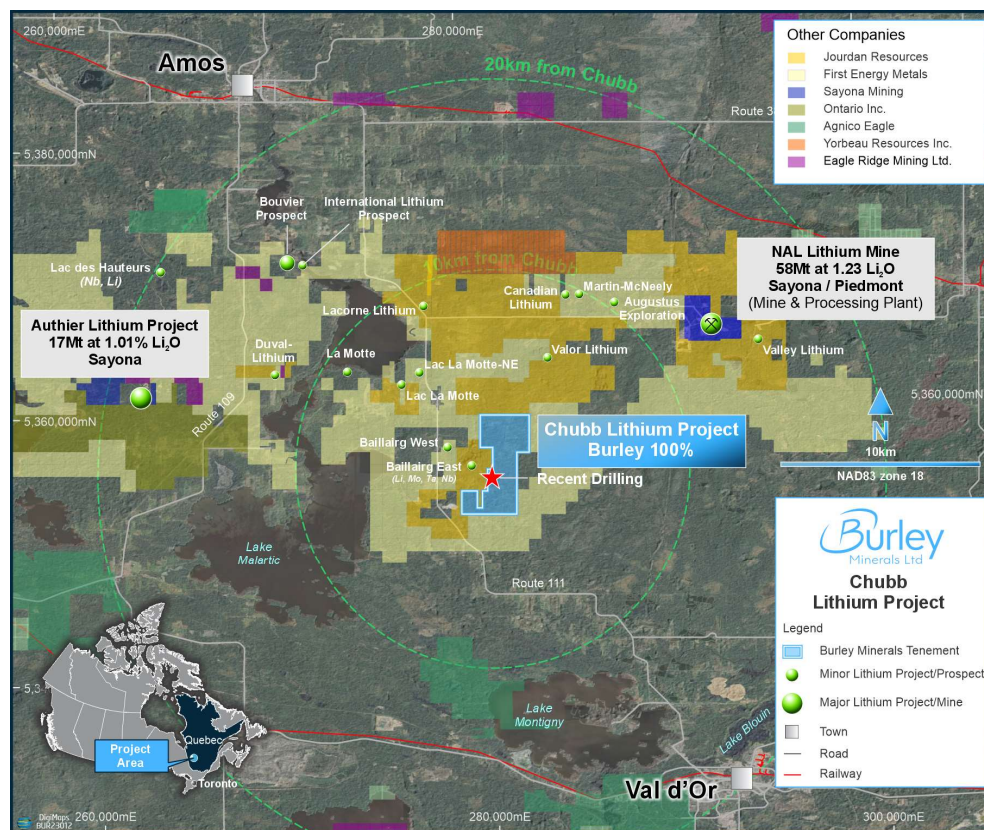

Burley acquired 100% ownership of the Chubb Lithium Project in Québec, Canada, in February 2023. The Chubb Lithium Project is located 25 km north of the mining community of Val d’Or in the heart of the world-class lithium province of Québec, Canada with a total area of 1,509 hectares. The Chubb Project is centred within the Manneville Deformation Corridor, which hosts Canada’s only operating lithium mine, the North America Lithium Operation (NAL). The NAL is owned by Sayona Mining Ltd (ASX: SYA) and Piedmont Lithium Inc, with Mineral Resources of 58Mt at 1.23% Li<sub>2</sub>O<sup>2</sup> reported, plus emerging projects including the Authier Lithium Project, with resources of 17Mt at 1.01% Li<sub>2</sub>O reported<sup>3</sup>. The recommissioned NAL plant is located 10km north-east of the Chubb Lithium Project, with first production having commenced in the March 2023 Quarter<sup>4</sup>.
