

Appointment of Non-Executive Director

The board of Ausgold Limited (“Ausgold” or the “Company”) (ASX: AUC) is pleased to announce the appointment of Mr Mark Turner to the Board as a Non-Executive Director.

Mr Turner is a Mining Engineer with over 35 years’ experience in the gold mining sector and has been responsible for the development and operation of numerous mines in Australia, Africa and Asia.

Mark commenced his career with Newcrest Mining Limited as a mining engineer before moving to Resolute Limited in 1992 where he was Operations Manager for the Marymia Gold Project and then the Chalice Gold Project, which he progressed from feasibility to production. Mark served as General Manager – Operations for Resolute for 10 years when Resolute had producing mines in both Australia and Africa. In 2008, Mr Turner was appointed as Chief Operating Officer of CGA Mining, where he took the Masbate Gold Project in the Philippines from construction to production before its takeover by B2 Gold Corporation for C\$1.1 billion. Mark is currently the Chief Operating Officer of RTG Mining Limited.

Mark’s extensive operational experience will be invaluable for Ausgold as the Company completes its Definitive Feasibility Study for the 3.04Moz Katanning Gold Project (KGP) in south-west Western Australia.

Managing Director Matthew Greentree said:

“We are delighted to welcome Mark to the Board of Ausgold. He brings a wealth of operating experience to the Company and we look forward to his valuable expertise as we work through the feasibility study phase and into construction and development at our flagship Katanning Gold Project.”

The Board of Directors of Ausgold Limited approved this announcement for release to the ASX.

On behalf of the Board,

Matthew Greentree

Managing Director

About Ausgold Limited

Ausgold Limited (ASX: AUC) is a gold exploration and development company based in Western Australia.

The Company's flagship project is the Katanning Gold Project, located 275km south-east of Perth and approximately 40km north-east of the wheatbelt town of Katanning. Ausgold holds a dominant ground position in this relatively underexplored greenstone belt, an area prospective for Archean gold deposits. The current Resource at Katanning is 3.04 Moz gold (Table 1).

Ausgold's portfolio also includes the Doolgunna Station Cu-Au project and the Yamarna Ni-Cu-Co project in Western Australia and the Cracow Au Project in Queensland.

The information in this report that relates to the Mineral Resource and Ore Reserve in Table 1 is based on information announced to the ASX on 4 September 2023 (Resource) and 1 August 2022 (Ore Reserve) and Ausgold confirms that it is not aware of any new information or data that materially affects the information included in the relevant market announcement and that all material assumptions and technical parameters underpinning the estimates in that announcement continue to apply and have not materially changed.

Competent Person's Statements

The information in this statement that relates to the Mineral Resource Estimates is based on work carried out by Dr Michael Cunningham of Sonny Consulting Services Pty Ltd, Mr Daniel Guibal of Condor Geostats Services and Dr Matthew Greentree of Ausgold Limited in 2021, 2022 and 2023. The information in this Report that relates to the Ore Reserve estimates is based on work carried out by Mr Andrew Hutson of Resolve Mining Solutions in 2022 and 2023.

Dr Greentree is Managing Director and is a Shareholder in Ausgold Limited. Dr Greentree takes responsibility for the integrity of the Exploration Results, including sampling, assaying, QA/QC, the preparation of the geological interpretations and Exploration Targets. Dr Michael Cunningham takes responsibility for the Mineral Resource Estimate for the Jackson, Olympia, Dingo and Datatine deposits and Mr Daniel Guibal takes responsibility for the Jinkas and White Dam Resources.

Dr Cunningham and Dr Greentree are Members of The Australasian Institute of Mining and Metallurgy, Mr Daniel Guibal is a Fellow (CP) of The Australasian Institute of Mining and Metallurgy. They have sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration, and to the activity they are undertaking, to qualify as Competent Persons in terms of The Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves (JORC Code, 2012 edition).

Mr Hutson is a Fellow of the Australasian Institute of Mining and Metallurgy and has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration, and to the activity they are undertaking, to qualify as Competent Persons in terms of the *Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves* (JORC Code, 2012 edition).

The Competent Persons consent to the inclusion of such information in this report in the form and context in which it appears.

Forward-Looking Statements

This Announcement includes "forward-looking statements" as that term within the meaning of securities laws of applicable jurisdictions. Forward-looking statements involve known and unknown risks, uncertainties and other factors that are in some cases beyond Ausgold Limited's control. These forward-looking statements include, but are not limited to, all statements other than statements of historical facts contained in this presentation, including, without limitation, those regarding Ausgold Limited's future expectations. Readers can identify forward-looking statements by terminology such as "aim," "anticipate," "assume," "believe," "continue," "could," "estimate," "expect," "forecast," "intend," "may," "plan," "potential," "predict," "project," "risk," "should," "will" or "would" and other similar expressions. Risks, uncertainties and other factors may cause Ausgold Limited's actual results, performance, production or achievements to differ materially from those expressed or implied by the forward-looking statements (and from past results, performance or achievements). These factors include, but are not limited to, the failure to complete and commission the mine facilities, processing plant and related infrastructure in the time frame and within estimated costs currently planned; variations in global demand and price for coal and base metal materials; fluctuations in exchange rates between the U.S. Dollar, and the Australian dollar; the failure of Ausgold Limited's suppliers, service providers and partners to fulfil their obligations under construction, supply and other agreements; unforeseen geological, physical or meteorological conditions, natural disasters or cyclones; changes in the regulatory environment, industrial disputes, labour shortages, political and other factors; the inability to obtain additional financing, if required, on commercially suitable terms; and global and regional economic conditions. Readers are cautioned not to place undue reliance on forward-looking statements. The information concerning possible production in this announcement is not intended to be a forecast. They are internally generated goals set by the board of directors of Ausgold Limited. The ability of the company to achieve any targets will be largely determined by the company's ability to secure adequate funding, implement mining plans, resolve logistical issues associated with mining and enter into any necessary off take arrangements with reputable third parties. Although Ausgold Limited believes that its expectations reflected in these forward-looking statements are reasonable, such statements involve risks and uncertainties and no assurance can be given that actual results will be consistent with these forward-looking statements.
