## Altium anticipated revenue for first half

SYDNEY, Australia – December 28, 2006 – Altium Limited (ASX: ALU), industry-leading developer of unified electronic product development solutions, under its continuous disclosure obligations, today advises that it anticipates the reported revenue for the half year to 31 December 2006 will be in the order of 20%-25% greater than the reported revenue for the previous corresponding period, as announced on January 10, 2006.

The company will provide further details on the half year revenue results in early January 2007 once the results from the final few days of trading for the October to December 2006 quarter have been finalised.

### About Altium
