## **ASX AND MEDIA RELEASE**

### **2006 Financial Year Unaudited Earnings**

**BRISBANE:** Diversified mining and minerals processing engineering and project services provider Ausenco Limited (ASX: AAX) continues to achieve strong growth in its capacity to successfully develop and deliver new projects.

This growth, together with favourable business and trading conditions, has resulted in Ausenco's unaudited 2006 full year financial results exceeding expectations.

External audit and final internal accounting and assurance processes for the full year result are still underway. However, it is now expected that the Net Profit After Tax for the 12 months to 31 December 2006 will be approximately 20% above the upper limit of the full year earnings guidance announced in August 2006.

Ausenco plans to release its 2006 full year audited financial results on 21 February 2007.
